Summary

- **Significant progress on the Global War on Terrorism has been made**
- **GWOT caused widespread changes to the way we do business, both on a domestic and on an international basis**
- **GWOT is far from over - there is still much to do**
- **US strategy must be broadly focused and include:**
 - **Simultaneous operations**
 - **Multiple lines of operations**
 - **Partnership with allies and partners**
 - **Continuing, synchronized campaigns**
 - **Opportunities to exploit integrated operations**
 - **All elements of national power**
